BUTTERFLY ADVENTURES

"This summer I let myself enjoy good vibes and good times. I didn't have a job or any big commitments, which I was very anxious about for awhile... And I can spend a whole summer doing absolutely nothing if I wanted. I went to Disneyworld with my boyfriend, and to CO to visit my family, and to MI, and little fun vacays all over WI!"
- Huong "stellaris" Nguyen

BUTTERFLY ADVENTURES

This summer I took a break from school and focused on myself a lot. I spent time with my family, creating memories before we start school again. I also took a lot of time to myself and just relax and do things at my pace. This summer my family and I took a vacation to Florida. We visited beaches and went to Universal Studios. I also went to Duluth, MN to explore what they have there !

BUTTERFLY ADVENTURES

My summer was spent exploring California and crossing off many things on my bucket list. I had the lifetime opportunity to face my fears and bungee jumped off a bridge. Being a huge foodie, I also got to go on many food adventures while traveling. Filled with endless memories, Summer 2021 was one for the books.
